

## Engineering & Manufacturing Services

Miracle provides Reverse engineering, and Manufacturing services for the diversified sectors and different industry experience (Aerospace, Automotive, Medical, Industrial automation, consumer goods) allows us to act as your one-stop solution for all the CAD services you require.

### Design Services Portfolio:-

- Mechanical Components
- Electrical Components
- Wireharnes –Aerospace, Automotive & Medical
- Design for manufacturing(DFM)
- ECN/ECR updates for the changes in product
- 3D printer support for prototype
- Reverse Engineering

### Customer benefit:-

- Understanding industry standards including Aerospace, MIL etc.
- Manufacturing support for Plastic parts, Housing assemblies etc.
- Manufacturing services for Rack, Box housing with plating, Powder coating etc.
