

SMPS

High Quality, High Efficiency, Universal Input, Single / Multiple Output, enclosed switch mode power supplies with screw terminals. Ideal for using computer peripherals, audio equipments, test equipments, electronic weighing systems, biomedical equipments,

Special Features

- Wide Range Universal Input 85V to 264V 50/60 Hz
- Compact Design, Less weight
- Stainless Steel / Metal enclosure
- Easy Installation - screw terminals
- High Efficiency
- Conducted EMI complies with EN 55022-B
- Short Circuit and Over voltage Protection
- Low Ripple and Noise
- Soft Start
- Reliable & Cost Efficient
- Available in Multi Output also

CONSTRUCTION

- Open Frame
- Euro Modular
- Encapsulated

As always we deliver the difference...

Standard Range SMPS Availabale

SL.NO	SPECIFICATION	PCB SIZE
1	6V @ 0.5A	74x35mm
2	9V @ 0.5A	74x35mm
3	5V @ 1A	74x35mm
4	6V @ 1A	74x35mm
5	12V @ 0.5A	74x35mm
6	9V @ 1A	75x40mm
7	12V @ 0.75A	75x40mm
8	7V @ 1A	75x40mm
9	6V @ 1.5A	75x40mm
10	15V @ 0.75A	75x40mm
11	6V @ 2A	75x40mm
12	12V @ 1A	75x40mm
13	9V @ 1.5A	75x40mm
14	18V @ 0.75A	75x40mm

Also we make as per customer requirements.
